

Girls Day Out Jr.

Saturday, Sept. 14, 2019 | Two sessions times:
8:30-11:30 am and 12:30-3:30 pm
Trident Technical College – Building 920

Girls Day Out Jr. is an event dedicated to educate, enrich, and empower girls! Girl Scouts will be educated on cyber security basics in 3 concurrent classes, in either the morning or afternoon session, and will ultimately receive 3 badges.

Volunteers are needed to serve as instructors or instructor assistants to help with hands-on activities. The curriculum is pre-set and will be the same for each class. No cyber security background necessary!

If you are interested in getting involved or have any questions, contact Katie Horner at:
